CALL FOR MORE STUDENTS & VOLUNTEER TUTORS
MANLY COMPUTER PALS FOR SENIORS

What We Offer

Manly Computer Pals for seniors has been serving the community for 25 years. The club provides hour long, one on one sessions, once a week. We help students learn about: emails, Internet, photos, Zoom, smartphones and laptops, smart cars, online ticket purchasing, social media and much, much more.

Students: A range of one-on-one tuition options are available at minimal cost. Either at our Club Room in Manly or online.

Tutors: If you are technology device savvy, and have a couple of hours to spare each week, consider being a volunteer tutor with us. It's a very rewarding experience and will grow your own skills.

How you can help

If you know an older person who needs assistance with their computer or digital skills or know somebody who might be great being a **volunteer tutor**, please pass on this information, and help us to circulate it amongst family and friends, and other social groups by word of mouth, email or social media.

Photos

This link takes you to photos of tutors and students in action. Feel free to use any of these photos when posting on social media.

Rewarding

Manly Computer Pals for seniors has put out a call for more students and volunteer tutors. If you are aged over 55 and you need some assistance with your technology skills please contact us. If you have a good knowledge of computers and digital technology and have some spare time then consider becoming a Tutor. Helping others in this way is a rewarding experience.

Please contact us for further information on either joining our great team of Tutors, or learning how to use your device.
